Preparing students to be LIFE-PREPPED!

Jim A. Yovino
Fresno County Superintendent of Schools

The Foundation @ FCOE experienced another year of advancing its mission to provide exemplary educational programs and services through a shared community responsibility. As the fundraising arm of the Office of the Fresno County Superintendent of Schools, the Foundation serves as a conduit for private funding to benefit public education. All investments have a countywide impact with potential to reach over 206,000 students. We are proud to say, that this year, our efforts lead to the 2018 AFP National Philanthropic Day recognition as Outstanding Philanthropic Organization – Foundation.

The freshman class at CTEC High School is preparing for their future as they conclude the first year of dual enrollment courses through Fresno City College. CTEC will enroll its second freshman class of 120 students, bringing the 2019-2020 student body to nearly 200. CTEC received significant support from Chevron to equip the needs of two science classrooms. By combining core academics with real-world application in the industries of commercial construction and manufacturing, students are gaining valuable life experience as they work towards being life-prepped!

Investments made by our generous donors are strategically designated to scale up some of the longest running programs and events, like College Night and the Science Fair, or to create new opportunities for students as made possible by the arts initiative, Spark!. The Foundation is also proud to support academic teams and agriculture education. These programs and student events provide an opportunity to discover talents and develop lifelong skills. The impact of this support is seen across the County, and today, students are preparing for very bright futures.

We believe your investment is preparing students and changing lives, one future at a time. Mere words cannot express our gratitude – THANK YOU!

Dr. Michele Cantwell-Copher
Executive Director, The Foundation @ FCOE
The Foundation is proud to be the steward of philanthropic dollars invested in the county’s greatest resource – children. The Foundation is fortunate to have donors who are compassionate and who take a proactive approach to improving the future. Some of our donors invest in student events and programs that promote and advance excellence. Others invest in the future, through the endowment and bequests. Additionally, the Foundation has become increasingly successful in securing grant funds to augment many programs of the Fresno County Superintendent of Schools. In all these ways, we are grateful to donor businesses, foundations and individuals for making a difference. Together with our education partners, we continue to garner support for Fresno County students and schools from ongoing and new business partnerships.
**Mission**

To support students by providing exemplary educational programs and services through a shared community responsibility.

**Belief**

Guided by the belief that education is preparation for life, The Foundation @ FCOE pledges to promote excellence, access and innovation in education for all students.
